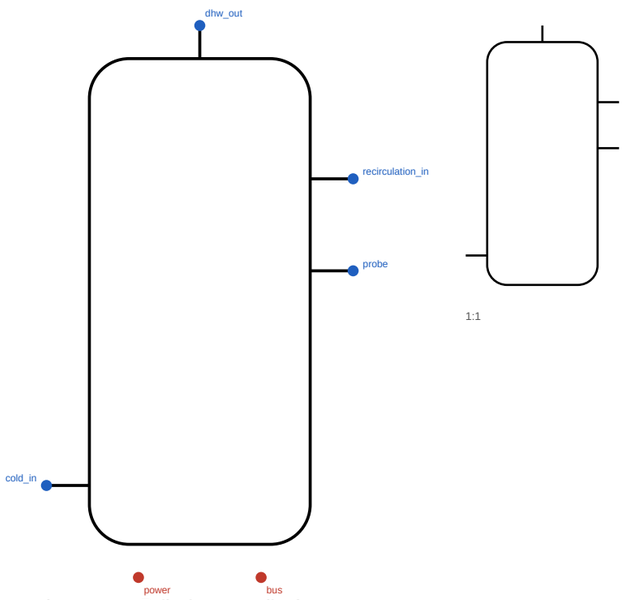
REL-012 fase 3 — le porte elettriche e di comando, proposta

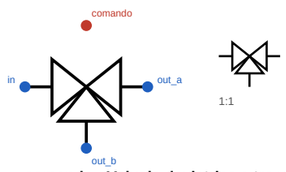
Blu: le porte dell'acqua, come sono. Rosso: le porte di comando nuove — power alimentazione, bus bus di comando, comando attuatore della valvola, signal segnale della sonda. Facoltative: senza un cavo nel grafo non esistono per il disegno.



bus, power · Boiler in pompa di calore

dhw-heat-pump · 25 x 45 mm · rotazioni [0]

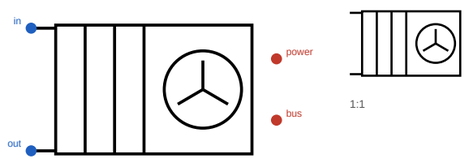
versione 1.3.0



comando · Valvola deviatrice a tre vie

diverting-valve-3way · 10 x 10 mm · rotazioni [0, 90, 180, 270]

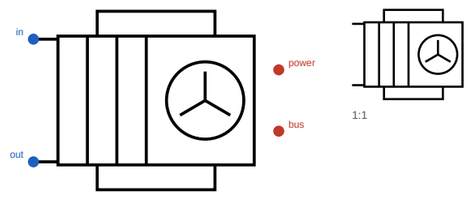
versione 1.1.0



bus, power · Ventilconvettore

fan-coil · 20 x 15 mm · rotazioni [0, 90, 180, 270]

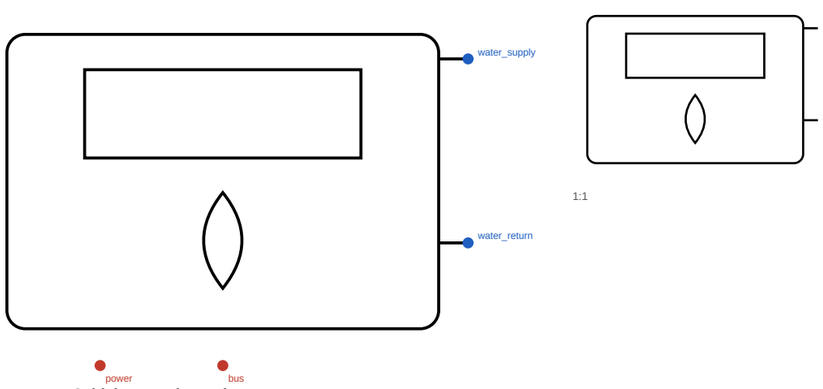
versione 1.2.0



bus, power · Ventilconvettore canalizzato

fan-coil-ducted · 20 x 15 mm · rotazioni [0, 90, 180, 270]

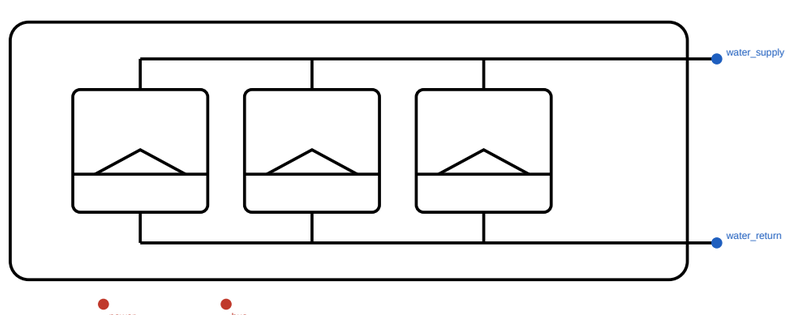
versione 1.1.0



bus, power · Caldaia a condensazione

gas-boiler · 40 x 30 mm · rotazioni [0]

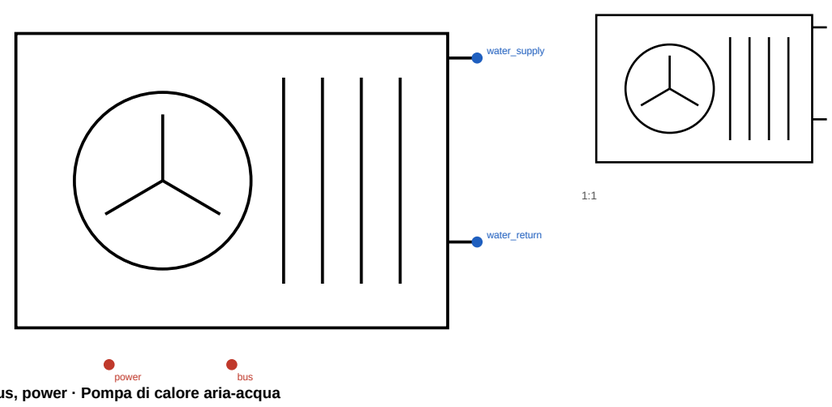
versione 1.2.0



bus, power · Caldaia modulare a condensazione

gas-boiler-modular · 60 x 25 mm · rotazioni [0]

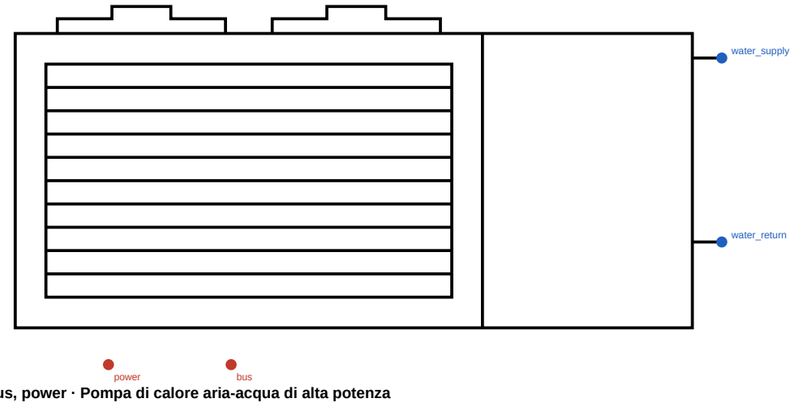
versione 1.1.0



bus, power · Pompa di calore aria-acqua

heat-pump-air-water · 40 x 30 mm · rotazioni [0]

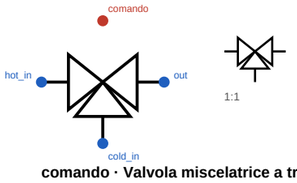
versione 2.1.0



bus, power · Pompa di calore aria-acqua di alta potenza

heat-pump-air-water-large · 60 x 30 mm · rotazioni [0]

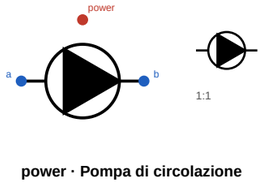
versione 1.1.0



comando · Valvola miscelatrice a tre vie

mixing-valve-3way · 10 x 10 mm · rotazioni [0, 90, 180, 270]

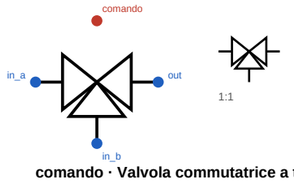
versione 1.1.0



power · Pompa di circolazione

pump-circulator · 10 x 10 mm · rotazioni [0, 90, 180, 270]

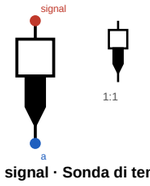
versione 1.1.0



comando · Valvola commutatrice a tre vie

switching-valve-3way · 10 x 10 mm · rotazioni [0, 90, 180, 270]

versione 1.1.0



signal · Sonda di temperatura

temperature-probe · 5 x 10 mm · rotazioni [0, 90, 180, 270]

versione 1.0.0
